# About Us

We are a budding leader in **Industrial Cleanroom, ESD Solution Providers, and Fabrication**, with over **15 years of experience** as skilled engineers and specialists. Despite that, we continue to strive for a greater level of expertise. We have a professional technical staff from overseas that assists us in providing timely Industrial Service Solution support to our customers.

Our ambition is to become a **global leader in industrial support, with high-quality industrial services**. To do this, we will continue to provide high-quality items, on-time delivery, competitive pricing, and a proactive approach that exceeds our customers' expectations.

Apart from industrial support, **Samara Beltran Sdn Bhd** has expanded into the field of logistics, fulfillment, and manpower service, with dedicated facilities and employees to provide supreme quality in all the stages.

## Mission

We provide B2B services to our customers with a focus on **high-quality and reliable solutions**.

## Vision

To be a top provider of **innovative solution provider** to meet the demands of a wide range of various sectors towards industrial 4.0.
